We have marked a remarkable position in the market by offering the best quality array of **Groundnut Decorticator Plant**. The product helps customers, reduce the labour cost and can shell more peanut with during normal working hours. This also helps in producing high-quality peanut which can be export from India to out site India and trade in India. Both customized automatic and semi-automatic decorticator machines are available as per the requirement.

Automatic Groundnut Decorticator Plant

Origin of Country	Made in India
Motor Power	15hp-40hp
Surface Finish	Powder Coated
Capacity	1000 - 4000Kg/h
Brand	SRRAI
Automation	Fully Automatic

Semi-automatic Groundnut Decorticator Plant

Origin of Country	Made in India
Operation mode	Semi-Automatic
Electricity Connection	2 Phase/3 Phase
Surface Finish	Powder Coated
Capacity	300-600kg/hour
Uses	Small Industrial

Groundnut Digger and Harvester

It performs digging and separating simultaneously and can be directly operated with any tractor of 35HP capacity or more. The machine does not harm the pods in any way. It has very little maintenance, saves time and labour. It makes harvest efficient and efficacy. It digs down around 5"-6.5" into the soil and consume 4 liters of diesel per hour. Available in different models at best price. We match the best harvesting capabilities with smart technology to ensure that you have the best harvest possible - every year.

Country of Origin	Made in India
Usage/Application	Agriculture & Farming
Brand	SSRAI
Material	Iron
Power	35hp & Above
Operation	Tractor
Cutting Size	5 Fit To 6-1/2 Fit

Hand Operated Peanut Shelling Machine

Enriched by our vast industrial experience in this business, we are involved in offering an enormous quality range of Hand Operated Peanut Shelling Machine with customer specification. This machine we are manufacturing for our small farmers. So they can save time and money. This is semi-automatic machine which is very useful for small size customers.

Country of Origin	Made in India
Capacity	50 Kg Per Hours
Model	SRRAI-12
Operation Mode	Manual
Brand	SRRAI
Surface Finish	Powder Coated

Peanut Grading & Sorting and Gravity Machine

We are leading manufacturer of peanut and pluses gravity machine in India with Make In India. We are ISO Certified Company and our company is registered with Governement of India. Mistry of Corparate Affairs.

Country of Origin	Made in India
Capacity	3000 to 4000 Per Hours
Operation Mode	Automatic
Electricity Connection	Three Phase
Motor Power	12HP
Material of Construction(Contact)	SS 304

Peanut Shelling Machine with Grader

This is the electrical running machine with a capacity of 100-500 Kg/Hour. In this machine we are providing a grader for cleaning and separating of Groundnut and Peanuts and also it break peanuts. In this machine we are providing 1HP to 5 HP single Phase/ three phase Electrical Motor and A Fan for throwing shell of Groundnuts. Also we are providing extra Jhalli for Small and Medium Medium size Groundnut Shelling.

Country of Origin	Made in India
Capacity	100-500 Kg/Hour
Operation Mode	Semi-Automatic
Electricity Connection	Single Phase/Three Phase
Motor Power	1 to 5 HP
Material of Construction (Contact)	Iron/ Cast Iron / MS Sheet

Peanut Shelling Machine without Grader

We are leading manufacturer of small size peanut shelling machine for small scale industries and farmers. In this machine we can shell all type of groundnut with capacity of 100 kg per hour. This machine working with single phase 1 HP Electrical Motors. In this machine we are proving one fan for cleaning the waste material after processing the groundnut.

Country of Origin	Made in India
Capacity	100 Kg/Hour
Operation Mode	Semi-Automatic
Electricity Connection	Single Phase
Motor Power	1 HP Crompton Motor
Material of Construction (Contact)	MS/ Cast Iron

Groundnut Thresher / Grain Thresher / Moth Thresher

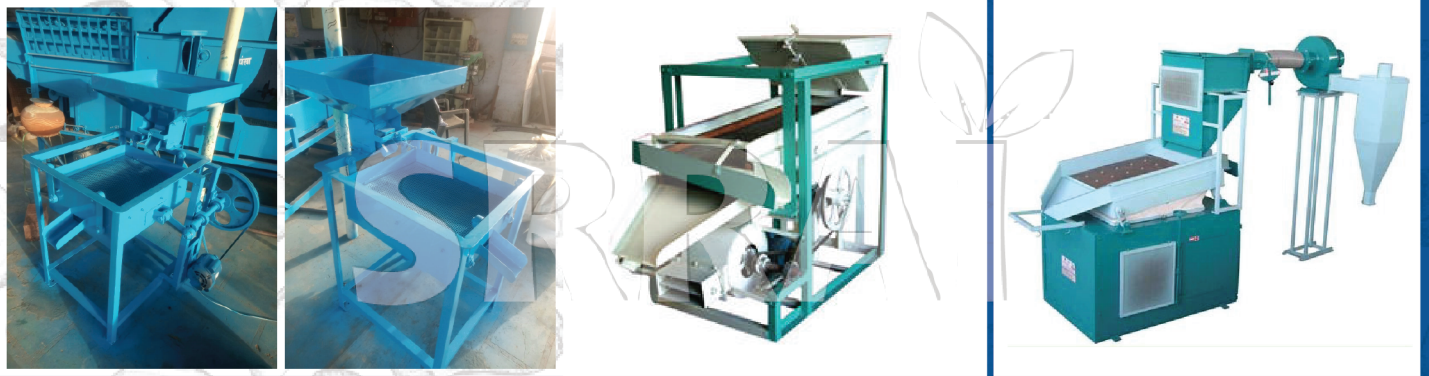

We introduce our business as a notable entity of qualitative array of Groundnut Thresher Machine and Groundnut Combine Machine. This Thresher/ Combine is useful for farmers. In this thresher we are Providing with elevator and without elevator. We are also providing in chain and fan belt both model. From this thresher customer can be process grain and moth with different jalties. This is useful for tractor 35 HP and above only. We are providing this thresher with new technologies included fans.

Brand	SRRAI-11
Function	Multi Crop Groundnut/ Grains Moth
Operation Mode	Semi-Automatic
Power required	35 HP and Above Tractor
Connection	Tractor PTO and Huke

Seed Destoner / Wheat Cleaner

We are providing best quality seed cleaner and destoner. This is useful for small size industries and shopkeeper.

Groundnut Grading Plant and Seed Cleaning Plant

We are esteemed manufacturer and supplier of a wide range of Automatic Groundnut Grading Plant and Seed Cleaning Plants in India. Automatic Groundnut Grading Plant is highly powerful and dependable for processing the groundnut (peanuts). Available in different models at best prices.

Origin of Country	Made in India
Operation mode	Automatic
Electricity Connection	Three Phase
Motor Power	7 HP
Material of Construction	MS
Capacity	1000 kg/ Hour to 2000 kg / Hour

Tractor Operated Peanut Shelling Machine

We have launched first time in India this tractor operated Peanut Shelling Machine with One, Two and Three Chambers machines due to this we have achieved remarkable position in Global Market. We are providing this machine in different range and capacity with round cleaner and without round separator as per customer requirements. This is useful for all type of the customers. Being one of the trusted organizations in the market, we are indulged in providing a wide range of Tractor Operating Peanut Shelling Machine in India. Through this machine customer can be shell all type of peanuts like Large, Medium and Small Sizes.

Country of Origin	Made in India
Operation Mode	Automatic and Semi Automatic
Tractor Capacity	20 HP and above
Automatic Grade	Automatic Elevator and Cleaning Grader
Working Through Motor/ Engine	Through 5 HP Motor and 5 Kwt Engine also can be run
Capacity	500 to 800 Kg Per Hour

Quality

Being a quality conscious organization, we are completely dedicated in offering a quality-assured range of products to the customers. We have a highly intellect team of quality controllers which stringently test these products on various parameters to ensure flawless range of products to the customers. The entire range of products is manufactured by our professionals in strict compliance to international quality standards. Conform to international quality standards and norms, these products are highly appreciated by the customers both domestic and global; owing to their longer service life, robust construction and excellent performance.

At SRRAI the following key design parameters are considered in detail before manufacturing:

RELIABILITY

SAFETY
